BANGOR DAILY WHIG AND COURIER.

BY SMITH & SAYWARD. TUESDAY, MARCH 19, 1850. VOLUME XVI.....NUMBER 221.

CAUTION EXTRA

man by the name of CLARK has engaged with a ng man of the name of ... Townsend, and his name to put up a Sarsaparilla, which they Dr. Townsend's Sarsaparilla, denominating it GENUINE Original, etc. This Townsend is no doctor, and r was, but was formerly a worker on railroads, canals, and the like. Yet he assumes the title of Dr. for the ose of gaining credit for what he is not. This is ion the public not to be deceived, and purchase but the GENUINE ORIGINAL O. D Dr Jacob nsend's Sarsaparilla, having on it the Old Dr's nes, his family coat of arms, and his signature es the coat of arms.

Principal Office, 102 Nassau st, New York city

D DR. JACOB TOWNSEND,

THE ORIGINAL DISCOVERER OF THE

enuine Townsend Sarsaparilla.

Dr Townsend is now about 70 years of age, and ong been known as the AUTHOR and DISCOVER of the GENUINE ORIGINAL "TOWND SARSAPARILLA." Being poor, he was ced to limit its manufacture, by which means it has kept out of market, and the sales circumscribed only who had proved its worth and known it.

It had reached the ears of many nevertheless, ous persons who had been healed of sore diseases, saved from death, proclaimed its excellence and erful

HEALING POWER.

owing, many years ago, that he had, by his skill, ce and experience, devised an article which would f incalculable advantage to mankind when the s would be furnished to bring it into universal , when its inestimable virtues would be known appreciated. This time has come, the means are and this

ND AND UNEQUALLED PREPARATION manufactured on the largest scale, and is called for ghout the length and breadth of the land, especial t is found incapable of degeneration or deterioration

ike young S. P. Townsend's, it improves with age, ever changes, but for the better, because it is pre- on the same principles by a scientific man. ... t knowledge of Chemistry, and the latest discov- of the art have all been brought into requisition in nufacture of the Old Dr's Sarsaparilla. The Sar- illa root, it is well known to medical men, contains medicinal properties, and some properties which are useless, and others, which if retained in ng it for use produce fermentation and acid, is injurious to the system. Some of the proper- Sarsaparilla are so volatile, that they entirely te and are lost in the preparation if they are not ed by a scientific process, known only to those ced in its manufacture. Moreover these volatile ples, which fly off in vapor or as an exhala- ake heat, are the very essential medical proper- the root, which give to it all its value.

person can boil or stew the root till they get a colored liquid, which is more from the coloring in the root than from anything else, they can tain this liquid or sweet liquid sweeten with lasses, and then call it "SARSAPARILLA ARF OF SARSAPARILLA." But such is not the article as the

INE OLD DR. JACOB TOWNSEND'S SARSAPARILLA

is so prepared, that all the important properties illa root are first prepared, every thing capable ning acid or of fermentation, is extracted and , then every particle of medicinal virtues secured e and concentrated, and then it is combined le of Dock, Juniper, Wintergreen, and Sassafras Prepared in this way, it is made the most ll agent in the

re of innumerable diseases.

s the reason why no other commendations on ade in its favor by men, women, and children. We ing so much cure in the cure of

The **BANGOR COURIER** is published at the office of the Daily Whig and Courier, every Tuesday morning, at **Two Dollars** a year in advance, or **Two Dollars and Fifty Cents** if not paid within six months from the time of subscribing.

☞ The publishers will not hold themselves responsible for any error that may occur, beyond the amount charged for the advertisement.

Mr. **Elisha Field**, Boston, is agent for these papers. Advertisements left with him will be immediately forwarded.

CONSUMPTION CURED!

CANCHALAGUA;

FOR THE COMPLETE CURE OF

Coughs, Colds, Influenza, Asthma, Bronchitis, spitting of Blood, and all other Lung Complaints tending to

CONSUMPTION.

READ! READ!!

This medicine is just what it is declared to be above. A remedy for the complete cure of all those affections of the Throat and Lungs, which, if neglected, always end in Consumption. It is not a worthless, catch penny article, made just to sell like many of the common nostrums of the day, but it is a strictly scientific Preparation—the original recipe having been furnished by an eminent Physician, (the late Prof. Rogers,) and that still further improved by one of the present proprietors, who is himself a regularly educated Physician a graduate of the University of Pennsylvania. It is composed of the purest articles in the vegetable kingdom, most of them of long-tried value and established reputation, and some of them entirely new particularly the CANCHALAGUA, a plant of most wonderful medicinal virtues, lately introduced into this country from California. The Recipe has been shown to thousands of Physicians, who have universally approved of it, and will be shown to any Physician who desires to see it, upon application either to the Proprietors or their Agents. It has been used in multitudes of cases, and is strongly recommended by Physicians, even Professors in our Medical Colleges, Ministers of the Gospel, Judges, Lawyers, Merchants, Mechanics, &c.—a conclusive proof that there is no quackery or deception about it, but that it is a medicine of most uncommon virtue and efficacy.

PAMPHLETS.

As no ordinary sized advertisement can begin to do justice to the merits of this article, the Proprietors have embodied in a pamphlet form, the history of this Medicine—the description, nature, &c., of its principal ingredients—the effect they are designed to have upon the human system—and above all, the incalculable amount of good which it has done. They design to circulate this pamphlet extensively; but should any one be overlooked, they are earnestly desired to call upon the Agents named below, and procure one, gratis. The hints on page 7th may be worth to yourself or family, THOUSANDS OF DOLLARS, and it will introduce you to a mass of testimony in its favor, which is perfectly irresistible.

Such being our confidence in its virtues, we are willing to warrant the Medicine in every recent case, if used according to the directions, and where the person is not satisfied that he is not derriving benefit from it, by returning the bottle within 24 hour's time,

THE MONEY

will be refunded. ☞ See page 3d of the Pamphlet.

For sale wholesale and retail by A. L. SCOVILL & CO., Proprietors, at their Principal Office, No. 65 Warren St, New York, to whom all orders for the Medicine, and letters relating to agencies, should be addressed post paid.

☞ Be sure to ask for Dr A. Rogers's Syrup of Liverwort, Tar, and Canchalagua, and let no other be palmed on you

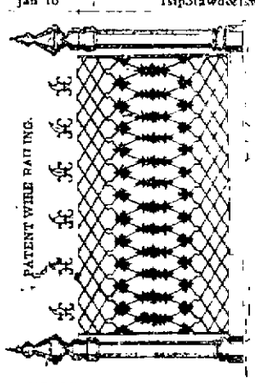
Caution.—None genuine unless there is on the buff wrapper, a note of hand, signed with a Pen, by A. L. SCOVILL & CO.

For sale in Bangor, by LADD & INGRAHAM

Also—for sale by G McFARLAND, SARGENT & EMERSON, H B HALL, Bangor; Horace Bunker, Orono; R. F. Kensell, Oldtown; A J. French, Dexter.

PRICE—In large bottles, $1,00; or six bottles for $5 00

jan 16 1stp3tawd&tiw3m



MANUFACTURED BY The New England Railing Company, BOSTON.

PUBLIC attention is invited to a new article of Patent Iron Railing, manufactured exclusively by themselves, of Wire or Rod Iron, of any desired size, securely fastened in heavy wrought or cast iron posts

This article is admirably adapted for enclosing cottages cemeteries, public grounds gardens, &c., for balconies columns, cornice work, summer houses arbors arches verandahs, window guards for banks stores and all private dwellings, lattice work, grating on skylights, tree boxes &c. and in fact, for all purposes where iron railing is required

The comparative lightness great strength and durability of the Wire Railing, the beauty of its varied ornamental designs together with the extremely low price at which it is sold are causing it to supersede the cast iron railing wherever their comparative merits have been tested. It is furnished ready for erection at prices varying from 35 cents to $1,50 per lineal foot

For further information patterns of designs, &c., please address LYMAN & CO.,

No 4 Albany Block, A few doors South of Worcester Depot

*** Persons intending to fence their lots at Mount Hope are requested to postpone the same until early Spring at which time specimens of this fence will be erected for inspection

Wilder's Patent SALAMANDER SAFES

90 STATE STREET,

CORNER OF MERCHANTS' ROW.

Secured against Gunpowder

AND

WARRANTED NOT TO INJURE BOOKS OR PAPERS BY DAMPNESS.

THESE are the only Safes (WILDER'S PATENT,) that have in every instance preserved their contents when exposed to large fires, like the burning of the Tribune printing office in New York City, and many others, too numerous to mention.

The above Safes are manufactured and for sale by JOHN E. WILDER, Boston, and for sale in Bangor, at the manufacturers prices, by FISKE & DALE.

☞ **The Following Letter** from the Superintendent of the Maine Telegraph Company, is another proof of the superiority of JOHN E. WILDER'S Safe over all others:—

BANGOR, Oct. 21, 1849.

John E Wilder Esq—

Dear Sir—The Safe purchased of you was exposed to a great degree of heat at the burning of the Telegraph Office, in this city. It was in the fire six hours; the books and papers were uninjured, and the damage to the Safe very slight, although it fell from the second story to the basement of the building. The little repairs necessary to the Safe have been made, and we shall not need to return it. It is still as good as new.

Respectfully yours, JAS. EDDY.

HONEY! HONEY!!

BY BEES FED.

WHO ever supposed that the management of Bees and the making of Honey would be rendered a certain and profitable business? Yet it has been, and can now be done by all wishing to engage in the business.

A citizen of this State has invented a mode of treatment by which Bees can be managed without difficulty, and at a small expense, honey made at the rate of from three to four hundred pounds per swarm, each season. The right of adopting and using this mode has been secured by Letters Patent, and the subscriber has purchased that right for the County of Penobscot, so that he now offers the same to others, either by town or individual rights as may best suit purchasers, and on such terms as bring it within the reach of all wishing to engage in it.

The advantages gained by this Patent, are—

1st, A perfect command of the Bees, and a large increase of the swarms, without the trouble of hiving.

2d, A full security against the danger of robbing by neighboring Bees

3d, The honey is of a better quality, and much more in quantity per swarm, than has ever been made by Bees managed in any other manner. This is done by feeding, as by that means the Bee is not only rendered independent of flowers for his supplies, but able to give his whole time to the work of making and storing his honey.

4th, The opportunity is afforded of taking the honey at any time without disturbing the Bees.

Lastly, It furnishes a fine opportunity for all professional men of small salary to make a good addition to their income, and to aged persons and persons of feeble health to support themselves independently and that to with little or no labor

Such being the advantages gained by this Patent the subscriber recommends it to the public and assures all wishing to purchase, that, on trial, they will find it answering their highest expectations

His residence is at this place, where he will be happy to answer all those who may address him (post paid) on the subject.

PATENTS.

American and Foreign Office.

AGENCY FOR BUSINESS

With U. S. Patent Office.

WASHINGTON.

NO. 22 STATE STREET, BOSTON.

IN 1840 the subscriber was appointed by the Commissioner of Patents, Agent of the U. S. Patent Office, in accordance with the 10th Sec. of Act of '37.

Having relinquished the Agency for the transmission of Models, and adopted a more expeditious mode of sending them to the Patent Office, *whereby a Patent may be procured about six weeks earlier;* he continues to forward them free of expense—to prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings for Patents; and to render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of *verbally* explaining their inventions, and of consulting in respect to them; *matters, in general, of paramount importance in order to obtain correct specifications and claims.* The experience of *sixteen* year s practice, an extensive collection of rare works, descriptions, &c. on mechanical subjects the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established together with accounts here kept of inventions patented at Washington, enable the subscriber to afford to inventors, desirous of procuring Patents, assistance and information which in other respects might be difficult of attainment.

R. H. EDDY, Solicitor of Patents.

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents There were few, if any, persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring Inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office. EDMUND BURKE,

Late Commissioner of Patents.

Aug. 7, 1849. tSep 1 850

THE VEGETABLE PULMONARY BALSAM

Is the Most Highly Approved and Popular Standard Medicine now in General Use for

COUGHS, COLDS AND CONSUMPTIONS, *Asthma, Pleurisy, Pleurisy, Spitting of Blood, Hooping Cough, Bronchitis*, and all Pulmonary Affections and Diseases of the Lungs and Chest.

It is thus spoken of by eminent Physicians Dr. says—"For the above complaints it is superior to any oil or preparation used." Another—"It has been used with *wonderful* success, and has a superiority over every kind of medicine used." Another—"I can with *confidence* recommend it." Another—"It has been used with complete success, and has *satisfied* that it is a *valuable* medicine." Another—"It is a *safe, convenient*, and very *efficacious* medicine"—Another—"It has never, to my knowledge, disappointed the reasonable expectations of those who have used it." Another—"It is equal if not superior to any other medicine within my knowledge."

Extract from a letter dated Dayton, Ill., April 13, 1849:—"It was first introduced into my family by a celebrated Physician, some ten years ago, and such was the benefit we received from it that we have not been without it in our house since. I have also recommended it to at least fifty different persons since, for Affections of the Lungs, and in no instance of a single case in which it did not give immediate relief, and some were cured after being given up by their Physicians."

☞ BEWARE OF COUNTERFEITS AND IMITATIONS, such as CARER'S COMPOUND PULMONARY BALSAM, AMERICAN PULMONARY BALSAM, and others, in pen, bearing the name! Enquire for the article by its whole name, the

"VEGETABLE PULMONARY BALSAM,"

and see that it has the written signature of Wm. Jones Curtiss upon a yellow label, on the blue wrapper. Each bottle and seal is stamped "Vegetable Pulmonary Balsam."

Prepared by REED & CUTLER, Importers and Wholesale Dealers in Medicines, Paints, Chemicals, and Dye Stuffs, 33 Ann St. rear, Boston, and sold by Druggists, Apothecaries, and Country Merchants generally. For particulars and recommendations see a Pamphlet, accompanying each bottle. Price 50 cents.

Abdominal Supporter.

☞ WILSON'S IMPROVED PATENT.

THE subscriber, having purchased the right of selling the above instrument for the County of Penobscot, hereby *cautions* all persons against selling any other supporter in general and *Fitche's in particular*, being an infringement on Wilson's Patent, granted May 26, 1843, for twenty years, *and a reward of ten dollars* will be paid to any person who will furnish sufficient evidence to sustain an action of trespass against the above right after this date.

This improved Supporter has but recently been fairly before the public. The right for selling it is offered on condition, that in case it is not what it purports to be, the purchase money will be refunded. In Constipation of the Bowels, Prolapsus, Uteri, or "Falling or bearing down" of the Womb, Fluor Albus, Sinking at the Stomach, Weakness, and Pains in the Side, and Small of the Back, there is probably not a more effective remedy.

This Supporter should, and doubtless will, be in the hands of every scientific Surgeon and Physician It is a mechanical aid, and will perform that which medicine fails to accomplish.

The attention of Physicians and Surgeons throughout this county is invited to the above instrument, and rights will be sold to towns and districts and Supporters furnished on the most reasonable terms. For a single Truss, price $6.00.

Physicians in the country may communicate *post paid*, giving the number of towns and inhabitants for which they wish to purchase the right, and terms will be promptly given, and a Supporter sent as a sample, if requested, *for examination.*

John S. Sayward.—Editor.

TUESDAY, MARCH 19, 1850.

Closing Proceedings of the City Council.

IN BOARD OF ALDERMEN, March 16, 1850.

The business before the Board having been disposed of, Alderman A. Sanborn, Esq. said:

MR. PRESIDENT—

We have assembled here for the last time,—In a few moments we shall part, and never more, in our official capacity, meet here again. During the years we have applied ourselves, at stated times, to the work of transacting the business, performing the duties, and discharging the trusts confided to us by our fellow citizens. How well that work has been done I will not say, but I feel very certain there has been no lack of honest, hearty and constant endeavor in this behalf.

Very pleasant has been our intercourse while thus associated together. We have had animated and exciting discussions on questions as to which entertaining different opinions, we have freely sustained them with all the ability and argument we could command. But never, to my recollection, have the courtesies or proprieties of debate been violated, or one word of bitterness and crimination been uttered. Mutual and self-respect, kindness and forbearance have prevailed in all our deliberations. Very sweet to me will the memory thereof be in all my life.

The past has been a most eventful and memorable year to this city. Our forefathers, in the early settlement of this part of our country, endured astonishing hardships and sufferings—sickness, hunger, and even famine. At a later period Bangor was occupied by the invading forces of our enemy, and as her haughty banner for a while streamed over its indignant citizens in place of "the glorious ensigns of our Republic." But for the first, and I pray it may be the only time, last summer that terrible pestilence which has overswept and desolated the old world and the new twice, since many who are now living were men, came upon us, and appalling death reigned and triumphed in our midst. Then it was that duties entirely new, of vast responsibility and involving great sacrifice and danger, suddenly devolved upon the city authorities. Faithfully, manfully, heroically even, in many instances, were those duties performed. God in his mercy stayed its ravages. Whether it shall revisit us again or not is known to Him alone. It becomes us, however, to employ all the sanative and preventative means with which we are acquainted to protect us against its returning desolation. And allow me, sir, to express the general hope, desire, expectation and demand, that the City Council elect, under your lead and direction, shall early, at the earliest practicable moment, strenuously and persistingly address themselves to the labor of cleansing and purifying the city from all filth and impurity which infect and poison the atmosphere, and aggravate, provoke and invite, if they do not breed the pestilence itself. To this end I most cordially concur in the sound and provident suggestions just made in the reports of the health officer and physician of the city.

For the first time, also, within the municipal year just now ending, has death entered this Hall and struck down, while in office, the Chief Magistrate of the City, your predecessor, the amiable, excellent, accomplished, and venerated Abbott. He was, in the true sense of the words a man and a christian. His was "the spirit of love, joy, and peace." I always felt that his very presence here in the community was a benediction and a blessing. May the example of his pure and truly noble life inspire us with holy aspirations to be like him, and when our appointed time shall come, may we pass, as he did, all trusting and lovingly, into the presence of God."

But I must not longer delay what I rose to do. I hold in my hand a resolve which I have prepared, not in mere compliance, with usage or precedent, not as a heartless formality, an empty compliment, but as the expression of unfeigned and fraternal regard, on the part of this board for its presiding officer. And in closing, sir, permit me to add, that for you personally, and for every member of this branch of the city government, I entertain and cherish not only sentiments of profound respect but of warm and earnest friendship also, and my best wishes for your prosperity and happiness will accompany you, hence whereso'ever you may go, in all places and in all time.

I ask leave to submit the resolve:

Resolved, That the thanks of this board be tendered to Wm. H. Mills, Esq. for the able, courteous, impartial and dignified manner with which he has presided over its deliberations during his present term of office.

The resolution unanimously passed.

The Mayor then delivered the following reply:—

Gentlemen of the Board of Aldermen:—I am profoundly sensible of the honor you have done me in the passage of the Resolve introduced by the Alderman from ward four; and his prefatory remarks which were so eloquent, and as it regards the other members of the board, so just.

It is true that I have tried to discharge the duties of the chair in a satisfactory manner, and if I have succeeded at all, it is wholly attributable to the fact that you have made those duties easy and plain, by your correct, gentlemanly, and business-like deportment. The gentleman has spoken of the cholera, which visited us last year, and of the humane conduct of the members of the board during that distressing period. I heartily respond to all he said on the subject, and testify with pleasure to the magnanimous conduct of the board—conduct which never will be forgotten, and your reward awaits you in heaven.

He has eloquently, and very appropriately, alluded to the decease of our venerable and beloved Mayor. It is true that death made a severe breach upon this board; taking our presiding officer, him who was our chief magistrate: thus admonishing us again that death is no respector of persons; and admonishing us too, to be also ready. It is true too, that the most perfect harmony has ever reigned at this board; and associated as we have been, some of us for two years, it cannot be otherwise than that we should have cultivated more than ordinary feelings of friendship. And I assure you gentlemen, that I shall ever cherish with a lively sense of pleasure, not only our pleasant association but I shall carry with me a lasting grave sometimes more than ordinary respect and regard for all and each of you.

And now that we are about to separate, never more to meet at this board, may it be that we may all of us meet at last in those beautiful mansions above, prepared for all those who love our Lord and Saviour, Jesus Christ.

IN COMMON COUNCIL, March 16, 1850.

The following papers were severally read and referred to the next City Council, in concurrence:

Report of the City Physician—of the Health Officer—of the Street Commissioner—of the Chief Engineer of the Fire Department—of the Superintending School Committee—of the City Treasurer and Collector—of the Overseers of the Poor.

The order passed, Nov. 24, 1849, for the removal of the City Hall.

Report of the Committee on the above order.

Petition of Thompson & Giles for allowance.

Report of the committee on the above petition.

Petition of S. F. Walker for allowance.

Report of the committee on the above petition.

The following resolve was introduced by A. P. Bradbury, Esq., and passed unanimously—

Resolved, That the thanks of this Board be tendered to Lewis Hancock, Esq., for the able, impartial, and courteous manner in which he presided over the deliberations of this body;—and that he has the best wishes of each member of this Board for his future prosperity and welfare, and that the Clerk of this Board be requested to furnish him with a copy of this resolution.

MR. CLERK. In connection with this resolution, I desire to make a few remarks, which I think will not be deemed inappropriate to the occasion. The municipal year, the period for which we were elected and in which we have been associated together, is now about to terminate, and the relations in which we have been connected in the discharge of public duties, to close with some of us, perhaps, forever. It would seem fit that we should indulge in a moment's reflection before we separate. Our thoughts are naturally carried back to review what has transpired while we have acted together. It is for our successors, our own citizens generally, to judge how far we have been successful in maintaining their interests, and faithful in the discharge of our duties. Although we have differed somewhat in questions of policy,—and disturbing influences brought to bear; it affords us happiness that so much harmony has characterised our deliberations. May we separate with sentiments of mutual respect, and esteem, and may health, happiness and prosperity attend us.

The business of the Board having been disposed of Albert Emerson, Esq. introduced the following resolve.

Read by the Clerk and passed unanimously:

Resolved, That the thanks of this Board be presented to Ebenezer Trask, Esq., President, for the correct, faithful and impartial manner in which he has discharged the duties of his office.

Mr. Trask replied in a brief and appropriate address.

The Council then adjourned without day.

MISCELLANIES, By J. T. HEADLY, Authorized edition. New York; Baker and Scribner 1850 pp. 208.

We have here a handsome volume well worthy the title it bears. Mr Headley has here placed in a permanent form before the public, seven articles composing his leading reviews and criticism on authors and books. They are Alison's History of Europe; Alfieri: Oliver Cromwell; The Crusades; The French Revolution; Luther; The Prose Writers of America. Upon these and similar papers Mr Headley has established a fair reputation as an author. This reputation others seem disposed to appropriate to their own pecuniary profit by publishing whatever has appeared from his pen, without his consent and in such form and with such titles as they please. Mr Headly finds it necessary therefore in pure self defence to publish this volume as an authorized work to stop his literary labors being thrown hither skilter before the public.

There are many admirers of Headley's writings and all such can find in this and other volumes which he proposes publishing his own corrected proofs and articles which meet his second approval.

The work is in the usual good style of the enterprising publishers named in the imprint.

Steamer Governor.

The agent of the Steamer Governor advertises that she will take her place in the line of travel between Portland and Boston on Monday next, starting on that day from Frankfort, taking her passengers to Portland where an express train of cars will be in readiness to take them to Boston.

The Governor will leave New York this week in season to arrive at Frankfort on Saturday.—She has been furnished with new boilers, new carpets and new furniture and has been very thoroughly repaired in every part at an expense of about sixteen thousand dollars. She is strong, wholesome and as neat as a pin and ready for first rate service.

Somebody has well said, "There is the steam-engine at work, with all the indomitable enthusiasm of its glowing heart, contracting space; reducing oceans to the breadth of rivers; bringing the compass of a continent within the travel of a day; compressing sea-divided nations into immediate neighborhoods; transmitting flowers of opposite zones ere their native dews have dried on them; and strapping together with railway bars of iron countries which have kept each other's borders red with blood for Centuries. The whole bent of this iron-sinewed giant seems to be, to collocate the different tribes of mankind within a family circle, in universal brotherhood."

☞ A spirited meeting has been held in the city of New York in behalf of the Hungarian Exiles, in order to enable them to set themselves at work upon the land at the West, as this is their only safe reliance for a livelihood, they not understanding our language nor educated as artizans. Fifteen hundred dollars were collected upon the spot and a committee appointed to so let it funds.

The Lake trout fishing is carried on very extensively at Moosehead this season. The Lewiston Falls Journal says that thousands of pounds are carried weekly over the railroads to Portland and Boston. The fishermen have more than fifty tents on the ice, making a regular business of it. A pleasure party from Gardiner returned last week, bringing four of fine hundred weight of the trout.

The Kennebec and Portland Railroad is expected to be completed and the cars put on the track this fall. There has been some uncertainty as to where the passenger station in Gardiner would be located, but it is now settled that it is to be placed at the South end of the causeway, where the workmen are engaged in preparing the foundation.

The sum paid to fishermen engaged in the fishery in Maine, during the past season, will amount to upwards of eighty one thousand dollars. Included in this amount, is $10,542.3[illegible] paid to fishermen engaged in the same business in the Portland district.

The Governor of Massachusetts, with the advice of the Council has appointed Thursday, the 11th of April next, to be observed as a day of Public Fasting, Humiliation and Prayer.

Dr. Dudley, a dentist of Boston, has invented a new "Suction Plate" for securing mineral teeth in the mouth, for which measures have been taken to secure letters patent. The new plate greatly increases the atmospheric pressure by perfectly exhausting the air from the central cavity by means of a valve through which the air is made to escape, and a perfect vacuum secured, which could not be done before.

The politicians of Europe, it is stated, are looking with some anxiety for the appearance of a work in four volumes from the pen of Louis Philippe. It is to be entitled "Eighteen Years of Royalty," and will doubtless contain many new views of persons who have figured prominently on the political stage in the last generation.

It appears by the report made by the Secretary of State of New York, that there are articles of association filed in his office, contemplating the construction of more than 2000 miles of plank road, and involving the expenditure of about $3,000,000 of money.

In case of James Power vs. the Fall River Railroad Company, for damages for a child of plaintiff's bitten by a ferocious dog kept or harbored by defendants. The damages were assessed at $823 07.

☞ The Bark Belgrade from Cherryfield with several of our Bangor people arrived at Rio on the 26th of January, to sail on the 29th. Letters due by to-night mail.

We are permitted to make the following extract from a letter received from a member of the Maine and California Mining and Trading Company which sailed from here in the Bark Cantero.

ST CATHERINES.

Dear Brother:—

As promised in my letter written at the harbor, that I would write again on my arrival in town if I had opportunity and was not too late for the mail, I shall fill this sheet with a brief description of the Island and its inhabitants. It is a wild picturesque and mountainous district, there being very little level, on even surface. The hills or mountains frequently rise to the height of from 1000 to 2000 feet in abrupt, varied, and irregular forms.

Vegetation is abundant: covering naked rocks sometimes at the distance of ten feet from any earth. I have travelled about the country somewhat, and every where I find the orange, lemon, peach, and banana trees in abundance.—They have coffee, pine-apples, cotton, melons, and in fact all the best fruits and products of the earth, seem to be the spontaneous productions of the soil. A tropical climate was ever to me a Fairy land in imagination, but my expectations are more than realized. All is unlike what I have been accustomed to, every tree, bush, shrub, or even spire of grass, are unlike what we find at home. The scenery is varied, presenting every variety upon which the eye loves to dwell. I think I shall suggest to our Company, that they had better purchase this Island from the Brazilian government if we are successful in our quiqotic expedition to the modern Eldorado. Peopled with yankees it would be an Elysium I assure you. And it would not be necessary for us to knock more than once for admittance to the Union, if we were fairly represented I am confident.

The inhabitants are Spanish, Portuguese, and native Indians. The government and language are Portuguese: the Religion Catholic. They have no roads, simply paths winding among the hills, and mountains. We wandered about the country at our leisure, having access to all parts of it, and finding the inhabitants uniformly hospitable, kind, and courteous.

The city of St Catherines contains some eight thousand inhabitants, and has some four or five churches, an armory, &c. I attended church last evening, it was of a mixed character of blacks and whites, with a black and white image of the Virgin Mary, and an image of Christ upon the cross. The house was well lighted by candles, some of them three or four feet long.—There were no seats, and the congregation knelt or sat upon the floor. In their ceremonies there was blended a strange mixture of the solemn and the ludicrous. Holydays are numerous as in all Catholic countries, and as such the Sabbath is regarded. Dancing is a favorite amusement particularly among the slaves. I had the pleasure of witnessing a dance last evening; the company were neatly, and prettily dressed, and in the enjoyment of the present; all else seemed forgotten: this in their unfortunate condition is a happy characteristic of their race. Their houses are mostly built of stone, some of brick, and in town the better sort are divided into rooms as with us, and are covered with an odd kind of tile which throws off the rain, but would afford little protection from cold, which they happily do not need as the thermometer here only varies from 56° to 85°. The climate is said to be perfectly healthy, and I see no indications to the contrary. I shall not probably have the pleasure of forwarding letters again until we reach Valparaiso. In the mean time allow me to subscribe myself your affectionate friend,

T.

☞ The poetical city Item-man of the N. Y. Tribune, thus opens upon the opening spring time:—

"Like the first half unconcious thrill of love in a maiden's bosom, so steals through air and earth the aromal sighings of the coming Spring. The blue sky palpitates as with the beating of the wings of birds yet invisible; and the brown branches and the dead flower stems, although as yet no palpable change has come over them, seem as if the spirit of grace had passed and left them some indiscribable charm. Going about in the country one can almost hear the tender budlings, communing with themselves and wondering if it is yet time to leave their dark winter cells. The imagination, linked indissoluble with the spirit of nature, feels the sweet influences of Spring long before her foot prints are traceable thro' the paths of the visible earth."

Wife, which way do you suppose the wind blows, to night? 'Well, really I don't know, John, but suppose you light a candle and look into our straw bed.'

'How can I tell by that?'

'Why bless you, don't straws tell which way the wind blows?'

A man's self is often his own robber. He steals from his own bosom and heart what God has there deposited, and he hides it out of his way as dogs and foxes do with bones.

TELEGRAPHIC

EXCLUSIVELY FOR THE WHIG AND COURIER.

NEW ORLEANS, March 15.

The steamer Globe has arrived bringing later advices from Texas. The meetings held at Rio Grande City have passed resolutions in favor of a territorial Government, and there had been a convention called to meet at Brownsville to consider.

Dr. Kellogg the notorious leader of the Texan robbers has been arrested at Brazos.

The Virginia Senate has rejected the bill authorizing the banks to issue notes of a denomination less than $5.

THE MORMONS OF DESERET OR SALT LAKE.—The brother and successor of Joseph Smith has published the following letter:

"I am in possession of proofs to show that bands of Salt Lake Mormons, clothed and armed as Indians, and in perfect disguise, with their bodies and faces painted like Indians, have taken positions on the high road from Oregon and California, in order to plunder the companies of emigrants. Many murders and robberies have already been committed by these devils in human shape, which are all published to the world as if committed by Indians.

The Mormon church on Salt Lake is under the government of a secret lodge. In this lodge Brigham Young has been crowned as king and sits there upon a throne erected for him. (Signed,) WILLIAM SMITH.

EXAMINATION OF ATTORNEYS. The following racy examination of a candidate for admission to the bar, is taken from the Western Law Journal, and is decidedly a good hit:—

Examiner—'Do you smoke, sir?'

Candidate—'I do, sir.'

'Have you a spare cigar?'

'Yes, sir,' (extending a short six.)

'Now, sir what is the first duty of a lawyer?'

'To collect fees.'

'Right. What is the second?'

'To increase the number of his clients.'

'When does your position towards your client change?'

'When making a bill of cost.'

'Explain.'

'We then occupy the antagonistic position—I assume the character of a plaintiff, and he becomes defendant.'

'A suit decided, how do you stand with the lawer conducting the other bill?'

'Check by jowl.'

'Enough, sir: you promise to be an ornament to your profession, and I wish you success.—Now, are you aware of the duty you owe me?'

'Perfectly.'

'Describe it.'

'It is to invite you to drink.'

'But suppose I decline?'

Candidate (scratching his head)—'There is no instance of the kind on record in the books. I cannot answer the question.'

'You are right; and the confidence with which you make the assertion, shows that you have read the law attentively. Let's take the drinks, and I will sign your certificate.'

WHAT IS IT LIKE? A, is like a meridian—it is in the middle of *day*.

B, is like a hot fire—it makes oil *boil*.

C, is like an old maid's wish—it puts age into a *cage*.

INFLUENZA, COUGHS, &C.

Those who are troubled with *Coughs, Colds, Influenza*, or any Lung Complaint, would do well to try *Dr. Rogers' Syrup of* LIVERWORT, TAR, and CANCHALAGUA, which breaks up the most distressing Cough in a few hours time. Should it fail to do so, the money will be returned. ☞ See advertisement in another column.

eb 21 3tawd&cwlm

CURE FOR WHOOPING COUGH.

At this season of the year, when Whooping Cough is prevalent, every family should be provided with a bottle of DOWN'S ELIXER—which is the surest remedy known for that distressing complaint!

It loosens the Cough, promotes expectoration soothes the irritated organs of the Lungs and Throat, eases hours of hard coughing, and restores the patient to health in much less time than any other known remedy.

Down's Elixer is also the most effectual known remedy for every species of Cough and Lung Complaint.—[See advertisement in another column.]

Sold by Druggists and dealers in medicine throughout the country. mch4 d&w6w

Foster's Mexican Compound, for the Hair, far surpasses any other Compound for the Ladies' Toilet. It possesses qualities never before Combined. One bottle of it is worth more than its weight in California Gold. Its high reputation, both from distinguished individuals and the press universally, has established its reputation as the only sure remedy for all diseases of the Scalp.—Baldness and falling Hair, removing Dandruff, &c. Its unbounded success has brought forth numerous spurious nostrums, made almost entirely of Alcohol, which are hot and agitating to the first degree of baldness, and very injurious. Beware of these quackeries!

The *Mexican Compound* is sought after by the elite and fashionable in all the principal cities of the Union, and is regarded the most nutritious article for giving great beauty, moisture, and richness to the texture of the hair, ever invented.

Ladies and Gentlemen, try it! We say, try it!!

Sold by LADD & INGRAHAM, and A. P. GUILD, and Druggists every where.

☞ H. W. FOSTER'S written signature upon every bottle wrapper.

March 4, 1850. 3mwly d

J. P. FESSENDEN'S

WRITING ACADEMY open day and evening, at *No 74 Main Street*. Mr. FESSENDEN, thankful for the flattering patronage bestowed upon him (and having located himself permanently in this city, as a teacher of penmanship) would solicit a continuation of the patronage of all those who wish to acquire an easy and graceful system of writing, fitted for the counting room, or for ladies in epistolary correspondence. Those wishing to fit themselves to teach, will be fitted upon reasonable terms.

Cards printed to order with neatness and despatch.

Terms for 12 Lessons,—Gentlemen, $2,50 Ladies 1,00 Payment in advance 4m mar 12

☞ JOB PRINTING of all kinds—Pamphlets, Catalogues, Shop Bills, Bank Checks, Placards, Concert Bills, Visiting and Business Cards, Posters, &c., &c.—neatly and promptly executed at This Office, upon moderate terms.

MARRIED:

In East Corinth, March 4th, by A. L. Cary Esq., Mr. Thomas L. Nudd to Miss Martha P. Beath, both of Charleston.

DIED:

In this city, March 18, 1850, at the residence of his son, with whom he has resided for nearly two years past, Doct. Spencer Pratt, of Paisy and general debility, in the seventy-seventh year of his age. He was formerly a Physician extensively known in Massachusetts and Rhode Island. Papers of those States are requested to copy.

In Sedgwick, March 13, Robert Dunning of this city, aged 3 yrs. 9 mos.

In Brewer, 17th, Annah Shaw, daughter of Joseph and Sarah A. Forbes, aged 9 months and 15 days.

"Of such is the Kingdom of Heaven."

dec 18 JOSEPH SHAW Proprietor

PRIAM OF TROY AIR-TIGHT COOKING STOVE

IMPROVED FOR 1849 & 50,

AND combining more advantages, for cooking, than any other Stove ever offered for sale in this Market.

WM. S. MITCHELL & CO

WOULD inform their friends and the public in general, that they have just received another lot of the above justly celebrated Cook Stoves which makes their assortment equal to any in the city

The Priam of Troy

Has the largest and best oven of any Stove ever invented. It will take in from four to ten of the largest sized plates; and it is heated quickly and perfectly even by means of deep hollow grooves in the back and bottom of the oven, exposing from three to five hundred square inches more surface to the oven than can be done by a plain surface — The Stove is so arranged that the wood burns on a self clearing grate, which gives you a clear and brisk fire, without being to the trouble of first clearing your fire room of ashes, and the fire can be preserved as long as in any other Cook Stove

There is a set of large Rims or Rings connected with the Stove, so that our Farmers and all who wish to use large brass or iron Kettles, or any kind of old fashioned Ware, holding from one to ten pails can do it at their pleasure. The whole Stove is regulated by means of only one damper, (as near in its appearance) and in fact is one of the best companions for the kitchen now in use, as thousands who now have them will testify

....ALSO....

A large and well selected assortment of Cooking Cylinder, Box Franklin, Parlor, and Air-Light STOVES, Copper, Sheet Iron, Tin Ware, &c for sale by

WM. S. MITCHELL & CO.,

East Market Square,

Opposite Granite Block, Bangor, Me.

White's Hair Restorative;

A PURELY VEGETABLE COMPOUND,

For Restoring, Beautifying, Cleansing, Softening, and Dressing THE HAIR.

THIS elegant preparation not at taking the place of all other articles in use, for in storing and dressing the Hair it prevents the Hair from falling off, promotes its growth, removes dandruff, and restores the natural luxuriant growth of the Hair in cases of premature baldness. It also moves pain and heat in the head, and is a sovereign remedy for all diseases of the scalp. It gives the Hair a brilliant glossy lustre, a silken texture, and a healthy, vigorous appearance. No Lady's toilet can be complete without this indispensable article

RECOMMENDATION.

[Certificate of Dr Perry, Portsmouth, N H]

Portsmouth, Sept 20 1849

Mr J P Moore, Agent for "White's Hair Restorative"

Dear Sir — I deem it my duty to state some facts relating the inestimable value of White's Hair Restorative. Several years ago, after a severe fit of sickness, my wife got all of her hair, the scalp appeared clean and red, the hair grew out brisk and uneven. About a year ago, by another fit of sickness, she lost all her hair a second time and for a long time thought she would only use the Restorative after various applications I was induced to try the above mentioned Restorative and now after the use of a few bottles her hair has grown out as thick, as lustrous, and of as beautiful a color as ever. Furthermore, for a long time I have been afflicted with neuralgia and other pains in my head and I have found it the best external remedy I have ever tried, I can therefore cheerfully recommend it to all who are afflicted as above, as the best article I have ever seen

Most respectfully yours, &c

GREAT IMPROVEMENT IN *Planing, Tongueing, and* Grooving Lumber.

JOSEPH P. WOODBURY'S Patent Planing Machine.

THE subscriber having received Letters Patent for a stationary Cutter, Planing, Tongueing and Grooving Machine, now offers for sale Machines and Rights to use the same. This machine will plane 6,000 feet of boards to any uniform thickness, in one hour producing a better finished surface than it is possible to plane by any other means now known, not excepting the hand plane, and is peculiarly adapted to plane and joint clapboards, for weather boarding, and will do the work faster and better than any machine heretofore invented. This machine is so arranged that it planes the board with an unbroken shaving the whole width and length of the material and does not take more than two thirds the power that is required to do an equal amount of work by the Rotary Cutting Cylinder, now in common use. The construction and organization of this machine is different from any other now in use. Communications for further particulars cheerfully responded to by addressing the subscriber (post paid,) Boston, Mass

One of the above Planing Machines may be seen in operation by calling on the Patentee

Dr. Townsend's COMPOUND EXTRACT OF SARSAPARILLA.

Wonder and Blessing of the Age

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD

This Extracts put up in Quart Bottles — it is six times cheaper pleasanter and warranted superior to any sold

It cures without vomiting purging, sickening, or debilitating the Patient

The great beauty and superiority of this Sarsaparilla over all other medicines is, while it eradicates disease it invigorates the body. It is one of the very best

SPRING AND SUMMER MEDICINES

ever known, it not only purifies the whole system and strengthens the person, but it *creates new, pure and rich blood*, a power possessed by no other medicine. And to this long the grand secret of its wonderful success — It has performed within the last five years, more than 100,000 cures of severe cases of disease, at least 15,000 were considered incurable. It has saved the lives of more than 5,000 children during the two past seasons

CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY

Dr Townsend's Sarsaparilla invigorates the whole system permanently. In those who have lost their muscular energy by the effect of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline hastening toward that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree

CONSUMPTION CURED

Cronnic and Strong Pulmonary Consumption can be cured

Bronchitis, Consumption, Liver Complaint, Colds, Catarrah, Coughs, Asthma, Spitting of Blood, Sore ness in the Chest, Hectic Flush, Night Sweats, Difficult or profuse expectoration, Pain in the Side, &c, have been and can be cured

SPITTING BLOOD.

New York, April 26, 1847

DR TOWNSEND — I really believe that your Sarsaparilla has been the means, through Providence, of saving my life. I had for several years had a bad cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced and did not expect to live — I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results

Your obedient servant, WM. RUSSELL, 65 Catherine st.

RHEUMATISM

This is only one out more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly cured by this extraordinary medicine

James Cummings, Esq, one of the assistants in the Lunatic Asylum, Blackwell's Island, testis gentleman spoken of in the following letter

Blackwell's Island, Sept 14, 1847

Dr Townsend — Dear Sir: I have suffered terribly for nine years with the Rheumatism, considerable of time I could not eat, sleep or walk. I had the appetite of a hyena, and my limbs were literally wasted away. I have used four bottles of your Sarsaparilla. They have done me more than one hundred times worth of good. I am so much better — indeed I am entirely relieved. You are at liberty to use this to benefit of the afflicted. Yours, respectfully,

JAMES CUMMINGS

FITS! FITS! FITS!

Townsend's Sarsaparilla, never tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

Northern, August 13, 1847

Dr Townsend — Sir: I have a little girl, seven years of age, who has been several years afflicted with Fits, we tried almost every thing for her, but without success until we, although we could find no recommendation in your circulars for cases like hers, yet thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surprise. We thought we should inform you of this, for which we feel grateful. Yours respectfully,

JOHN BUFFET, Jr.

FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri or Falling of the Womb, Costiveness, Piles, Leucorrhœa or Whites, obstructed or difficult Menses, Pain and Soreness of Limbs or Joints, Weak Stomach, Loss of Appetite, Nausea, Fever, Lassitude, Pain in the Side, Dark Circles under the Eyes, Pimples on the Face, Pain in the Back and Limbs, Universal Lassitude, Nervous Irritability, Fever and Ague, Fever of all kinds, Fever and Ague, Fever Sores, Scurvy, Itch, Scaly Eruptions, Tetter or Salt Rheum, Blotches, Boils, Tumors, Tumors on the Neck, Swelling of the Joints, Gravel, Dropsy, Salt Rheum, Female Weakness, Female Complaints, Nervous Affections, Nervous Headache, Nervous Irritability, Fits, Sick Headache, Dyspepsia, Liver Complaint, Dysentery, Jaundice, Rush of Blood to the Head, Palpitation of the Heart, Pain in the Side, Back and Limbs, Pain between the Shoulders, Whites, Cough, Consumption, Dimness of Sight, Ringing in the Ears, Sudden Flushes of Heat, Burning in the Flesh, Universal Debility, Want of Appetite, Want of Energy, Want of Ambition, Want of Nervous Energy, Want of Vigor, Want of Strength, Want of Flesh, Want of Sleep, Want of Cheerfulness
